Rodfei Sholom’s Movie Night
Hannah Arendt

Sunday, March 17 at 7:30 pm

A look at the life of philosopher and political theorist Hannah Arendt, who reported for The New Yorker on the war crimes trial of the Nazi Adolf Eichmann. Ms. Sukowa, compact and energetic and not overly concerned with impersonation, captures Arendt’s fearsome cerebral power, as well as her warmth and, above all, the essential unappraisable curiosity that drove her. This is an interesting film about ideas, and how explosive they can be.

$5 per person thanks to a generous grant from San Antonio Jewish Senior Services.

Shakespeare: Significance of His Work and Topics of Jewish Interest

Speaker: Jacob Bunin
Thursday, March 28, 7:30 PM

The lecture will provide a general background to Shakespeare’s life and work including information on the importance of his work and the distinctions between the different types of plays that he wrote. It will address various subjects of Jewish interest connected to Shakespeare including the influence of Tanach on Shakespeare’s work, and Jewish ideas and values in his plays (e.g., how Shakespeare’s history plays reflect a Jewish view of history). A half-hour will be allowed after the lecture for questions.

A second lecture will be conducted on Tuesday, April 30 at 7:30 P.M. This lecture will cover the anti-Semitism of The Merchant of Venice, diverse interpretations and portrayals of the character of Shylock in this play, anti-Semitism in Elizabethan England, the question of whether Jews were present in England during Shakespeare’s lifetime, and Shakespeare in Yiddish Theatre.

*Jacob Bunin is an attorney who also has a background in English literature (including teaching and research). He has been studying Shakespeare’s plays since the Bard’s 400th birthday in 1964.*
